Dear Attorney Dale Henderson,

This is going to be a doozie of an introduction for which one of two things may occur.

[1] You might be surprised at the actual facts involved in this case as your client was not fully forthcoming to all of the involvements that are associated here.

[2] You are aware of the full aspects of the case, but since the filing of this case to the court on July 18th 2019, there have been 3 major mass gun shooting events that have hit the news, drastically changing the dynamics of this case.

The intentions to hold me accountable for something that is at the fault of your client and that still must be pressed forward.

When an appeal is made by a twitter user "Americans Do Something" and that something that I have been attempting to convey into the community is being brushed aside as though I am worthless useless junk...

Just maybe, just maybe we can find some resolution to these matters before the magistrate of the court has to review what you have attempted to represent as deception of delusional intents on your side of this filing.

Where do I begin: Let's begin with the fact that in your filing documentation, there seems to be a section in CH-100 section (7) that needs to be rigorously clarified.

The very last fax that was sent was actually not June 14th, 2019.

I will leave the log that PREDATES your record of last fax to be shown for the record in this ONLINE ARCHIVE DIRECTORY LOCATION:

Yes, that is a VALID URL.

What we have here is a FAILURE to COMMUNICATE.

The REASONS for this FAILURE in at the FAULT of your CLIENT and NOT onto my INTENTIONS to DO HARM to ANYONE.

Actually, the record does show --- as it should, that I am actually attempting to find a societal remedy --- by forming partnerships of responsible citizen's of the United States that would like to see an END TO THESE MASS GUN SHOOTINGS....

I do just maybe -- just maybe --- have the opening of that holding push of cultural medicine that can be administered onto our society, if only -- if only --- your clients and prior doctors did not have a big huge conspiracy of a secret to hide.

WE CAN NOT HOLD THAT SECRET --- THAT SECRET IS AT THE FOUNDATIONAL CRUX OF WHY MASS GUN SHOOTINGS ARE UNSTOPPABLE AT THE CURRENT UNDERSTANDING.

WE MUST HOLD THE TRUTH TO BE RECTIFIED WITH UNDERSTANDING THE MEMETICS OF WHY THESE MASS GUN SHOOTINGS KEEP HAPPENING -- OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER...

Do you want to know more about the peace man that you have put into filing records to attempt to DEFAME my INTENTION that MENTIONING MASS MURDER does not mean the intention is to CAUSE MASS MURDER, such a ridiculous standing your client is forcing an embarrassment upon your LAW FIRM?

That MENTIONING MASS GUN SHOOTINGS does not men the intention is to CAUSE MASS GUN SHOOTINGS, ON THE CONTRARY, IT IS TO CAUSE A CHANGE OF CONDITION THAT MAY INDEED JUST--- just maybe --- just maybe -- IF YOUR CLIENT [ and along for the tow you

as counsel ] WOULD GET YOUR HEAD OUT OF YOUR ASSES ---- Take what I say to heart --- - change your focus from intentionally subverting, hiding, prevaricating, the burying the truth.....

TO DO SOMETHING JUST AND RIGHT FOR A CHANGE... Like that Twitter User Last Night

## Great Reasons Us Will Unite Peace

----- All of us are quite aware of, and deeply worried by, the disturbing social and political situation of the world today. Our world is increasingly a place of violent conflict, hatred and brutal atrocities, committed even in the name of God and of religion. We know that no religion is immune from forms of individual delusion or ideological extremism. This means that we must be especially attentive to every type of fundamentalism, whether religious or of any other kind. A delicate balance is required to combat violence perpetrated in the name of a religion, an ideology or an economic system, while also safeguarding religious freedom, intellectual freedom and individual freedoms. But there is another temptation which we must especially guard against: the simplistic reductionism which sees only good or evil; or, if you will, the righteous and sinners. The contemporary world, with its open wounds which affect so many of our brothers and sisters, demands that we confront every form of polarization which would divide it into these two camps. We know that in the attempt to be freed of the enemy without, we can be tempted to feed the enemy within. To imitate the hatred and violence of tyrants and murderers is the best way to take their place. That is something which you, as a people, reject. Our response must instead be one of hope and healing, of peace and justice. We are asked to summon the courage and the intelligence to resolve today's many geopolitical and economic crises. Even in the developed world, the effects of unjust structures and actions are all too apparent. Our efforts must aim at restoring hope, righting wrongs, maintaining commitments, and thus promoting the well-being of individuals and of peoples. We must move forward together, as one, in a renewed spirit of fraternity and solidarity, cooperating generously for the common good. The challenges facing us today call for a renewal of that spirit of cooperation, which has accomplished so much good throughout the history of the United States. The complexity, the gravity and the urgency of these challenges demand that we pool our resources and talents, and resolve to support one another, with respect for our differences and our convictions of conscience. **Pope Francis : US Congress : Sept 2015**
