Mpatapo

Mpatapo is a symbol image from the Adinkra (a system of symbols from Ghana in West Africa). It is meant to represent the "knot of pacification/reconciliation," and as such it is the symbol for reconciliation, peacemaking and pacification. "Mpatapo represents the bond or knot that binds the separate parties in a dispute to a peaceful, harmonious reconciliation. It is a symbol of peacemaking after strife." The Historical Age of Adinkra Dates Back more than two full centuries and it's origin is African Wisdom Symbolism Communications [non-literacy meanings] which are basic root communication structures that even breaks or overrides both written and spoken language barriers between peoples. Mpatapo is very important and is one of very few symbols in the Adinkra set of over 100 considered a Solomon's Knot symbol of importance.

To be treated as a serious to actually progress a resolution of a conflicted issue, one involved party can declare and issue and community present and attach the symbol Mpatapo against [or to attach] all other involved parties in a conflict or dispute. The Mpatapo attachment is informing society or community that there is issues here to be placed for reconciliation in peaceful ways. The attachment of Mpatapo declares binding knot until the conflict is resolved and the Mpatapo binding is therefore peacefully released [unbound / unattached] to any and all parties.

The creator of this video: James Martin Driskill takes full and complete respectful responsibility that this presentation of the video and opinions that might be at first glance a subjective point of view, but I guarantee that not only are the opinions of this video subjective, the conclusions of these stated opinions are given by deductive reasonings by taking several factors into view that are not part of the presentation within this video.

In order for you to gain this conclusive perspective, you must take the time to link to the valid URLs provided and access the data record of the documented evidence of a man's live life journal that events that have happened in the best of real time have to placed into the documentation of his record journal.

Further, there are other external information data sets that have been researched and included into making this conclusive deductive reasoning from the intelligence of a man on a mission of a peace building messaging mission on what are wisdom and guidance that have been recaptured from the past to bring into perspective of that past that needs to be looked at again to the priorities that this country has lost it way.

There is not active declaration, decree, order, or document on this mission that can be considered a manifesto.

With that in mind, what is before you are community messaging in a collective memplex of naturally respected words to live by [#WordsToLiveBy] that this society must apply onto our full and complete lives across the nation and society that is to rebuild trust that on the after end of this erosion to lost of trust, collectively cumulatively are causing the the ripping of the fabrics of our society causing the foundations of cause to the aftereffect of this distrust that manifests to mass murder and specifically in this country mass gun shootings.

To take command of these conditions to #StopMassShooting [<http://stopmassshooting.fuckeduphuman.net>] is to understand the memetics of the problem.

The sole purpose to place the video as a digital sharing object of persuasive technology. The video media was created on October 15th 2019 and represents the initiation attempt at the source point of contention in a conspiracy to involve the persons of community leadership in the HIV/AIDS community.

These are unacceptable conditions of dysfunction and disorder that as standing in the way and is an obstruction in the pathway of solutions to bring forward. This obstruction is a disorder and chaos that is actually invisible killing persons with HIV/AIDS in our communities.

That makes the reconciliation and resolve of these matters to a status of grave, urgent, and unavoidable to the communities role of moral responsibility.

Note for the record: It is time to start treating me with dignity and respect, honor the committed peace building mission of this citizen and native born resident of San Bernardino and detached from services at the fault of the agency side of Foothill Aids Project San Bernardino onto the client James Martin Driskill. It is time to remove the mold that holds to the irrational bias of hate perplexed that i am the one that you all need to take stride and really pay attention to.

Stop doing what you're doing, at the most time point convenience, and stop treating what I do for a living, along with my sexual lifestyle preferences that you define me as a danger so dangerous to the cause and molding occurrences of hate, discrimination, retaliation, and you own showing insanity,

I DEMAND THAT YOU STOP TREATING ME LIKE A PIECE OF TRASH, A PIECE OF SHIT, deserving of a life everlasting homelessness forever -- I am under the roof of my family care -- because they care --- but I should not be here --- writing this record of disgrace --- I should be having fun and doing Gods good work --- in my own independent home-- where I can be myself free of the insult forced direction persecution that you all have engaged in against me -- this conspiracy that is so obviously defined TERMINATES against ME and ALL: OF MY KIND.

I am proud to be -- oh so so so proud -- to be one of "the dirty" if what it means to be clean gives into that notion, that you are better more moral or more righteous than me.

How dare you --- how dare you -- compare yourself in all of this damaging wonder -- to little old but quite a bit wiser --- responsible barebacking man here --- who is what I am a homosexual that likes semen fucked into my ass --- -selectively --- you all idiots --

It would be nice to find a community that understands its role --- the total of its role that sex, an raw animalistic [non intimate type -- that comes later] of sexual expression -- the act of heart of building relational trusts -- the act is a one of fundamental physiological basic human needs --- it's here -- the rules -- follow the truth.

You are so so wrong to choose the course of distrustful ways -- of a term I am so lost to a word to describe your side -- INHUMAN -- the best way I can say.

YOU ABOMINABLE BEASTS !

DEAL WITH IT!

i am right; we are right; with [U = U], the delayed messaging; you all wrong to ring a song, "we don't give you permission to love freely"

You give the message and condone the actions across the entire community culture.

"hate hate hate" is all you know how to make.

I really pity you....

"Poor is the man who's pleasures depend on the permission of another"

- Madonna - from Justify My Love

How dare you create a whole scheme of intention --- a massive mischievous marvel of molding muck creation --- that kills people --- you are murderous and deserve your place in hell.

If this is the tool that allows this matter to remain private that we as a group collective can discuss this in confidence -- we must find resolve to proceed.

but

You will refuse these standard community sharing tools -- the reason for this denial of information society resources are for you, it is so obvious to this author, citizen, and peace agent, for you to hold [deniable plausibility].

So, if you do not take this opportunity to interface in the 2019 world of technology to a tool of creation given to everybody -- then you all, not I, have something wrong with your operations of handling the best of the best of all things best ---

EXCELLENCE!

if you can't come to the scale level of EXCELLENCE in this COUNTRY and ALLOW A CONSPIRACY to CONTINUE UNCHALLENGEABLE-- GIVEN THAT YOU HAVE PRE-NOTIONS FOREKNOWLEDGE OR PERCEIVE BRAINWASHING ATTITUDES THAT MAKE YOU, FORCE YOU.
